DESIGNER'S NOTES:

1. Full-length steel-on-steel hinges with 11-gauge steel mounting supports. 2. Complies with ANSI S117.1 Accessible and Usable Buildings and Facilities, ASTM F2285-04 (formerly ASTM PS125) Standard Consumer Safety Performance Specification for Diaper Changing Tables for Commercial Use, ANSI Z535.4 Product Safety Signs and Labels, ASTM G21 Antifungal and ASTM G22 Antibacterial Standards, EN 12221-1/-2 European Standards (KB200 only), ADA Accessibility Standards for height, reach, projection, operation, overlap wheelchair turning radius when properly installed. 3. Constructed of high-density polyethylene (KB200 is constructed of polypropylene) with exclusive Microban antimicrobial product protection. 4. Replaceable nylon safety straps, hooks for bags and purses. 5. All Baby Changing Station models equipped with built-in Sanitary Bed Liner Dispensers.

**MICROBAN® ANTIMICROBIAL PRODUCT PROTECTION:
A KOALA BABY CHANGING STATION EXCLUSIVE.**

Microban technology is built into all Koala Baby Changing Stations and becomes an intrinsic part of the Station. When microbes, such as bacteria, mold and mildew that can cause stains, odors and product deterioration come into contact with the station surface, Microban protection penetrates the cell wall of the microbe and disrupts key cell functions so that the microbe cannot function, grow or reproduce. See Technical Bulletin, TB-12.
