

Stainless Steel

Mills takes this popular look to the limit with seamless panels.

- Facing sheets of panels and doors integrally locked together and corners are welded smooth or adhered with a corner clip
- The Permaseal™ design is stronger than conventional crown molding construction
- Extra-height doors and panels available when additional privacy is needed
- The finish wraps completely around the edges
- GREENGUARD Certified as a low emitting material

Leather Grain

Fusion Granite & Stainless Steel

Looking for a new design twist? Bradley is your only source offering a combination of granite partition panels, pilasters and urinal screens, and stainless steel or baked enamel doors. Granite is the most durable material available for bathroom partitions, requiring the least maintenance due to its stain- and scratch-resistant qualities.

- Decorative high-end commercial partitions
- Natural granite partition panels, pilasters and urinal screens
- Stainless doors and hardware (stainless steel textures above)
- Stainless doors GREENGUARD Certified as low emitting material
- Doors also available in baked enamel
- Floor-mounted overhead-braced only

Fusion Colors
