

## **SOLID COLOR REINFORCED COMPOSITE (SCRC)\***

**MATERIAL DESCRIPTION: DYED WOOD FIBROUS MATERIAL  
REINFORCED WITH POLYCARBONATE AND  
PHENOLIC RESINS FOR SOLID COLOR CLEAR THROUGH.**

**GOLDEN KHAKI SC01**  
**DESERT BEIGE SC02**  
**TERRA COTTA SC03**  
**FOREST GREEN SC04**

### **Important Note:**

Minor edge nicks and random color variations are a normal consequence of manufacturing material containing natural fibers. Where color consistency is critical, compact laminate 1080 DuraLineSeries is recommended.

SierraSeries Solid Color Reinforced Composite (SCRC) colors are for descriptive purposes only. Request color samples for color confirmation.

SCRC is a natural material comprised of wood chips, dyes and resins with a melamine surface. Edges lack a melamine surface and may discolor in environments with significant lighting. Discoloration of edges, should it occur, is not covered under warranty.
