GRAPHITE GRAFIX 515-58				
<b>**CHARCOAL 0077 FH</b>				
BLACK STONE P-500-CA				
<b>**BLACK 0080 FH</b>				
				

Hundreds of additional colors are available in Compact Laminate; additional lead time will apply, please consult ARBORITE®, FORMICA®, Wilsonart®, or FUNDERMAX® for color options. Colors are printed reproductions and are for descriptive purposes only. Refer to manufacturers' samples for absolute color fidelity. Color guides and samples are available from Bobrick on request. Where color consistency is critical, compact laminate 1080 DuraLineSeries® is recommended. All colors are available in matte finish. Visit [bobrick.com](http://bobrick.com) for the latest colors and patterns.

ARBORITE is a registered trademark of Weyerhaeuser NR Company. Wilsonart, is a registered trademark of Wilsonart International, Inc.; FORMICA and the FORMICA Anvil logo are registered trademarks of The Diller Corporation. © 2015 The Diller Corporation. FUNDERMAX is a registered trademark of FUNDERMAX GmbH.

\*\* Standard color by FUNDERMAX allows for single panel width up to 72", eliminating use of additional hardware. Meets Class A fire rating without up-charge. See page 8 for design options.

### Important Note:

Panels of solid color or non-directional patterns wider than 60" (1525mm) will be manufactured in two pieces for use with a field installed horizontal aluminum "H" channel covering the seam furnished at no additional cost. Woodgrains and directional patterns have vertical grain direction only. Panels of wood grain and directional patterns wider than 60" (1525mm) cannot be manufactured because there isn't a method to secure the vertically installed "H" channel. Colors are representations of Compact Laminate material. Refer to manufacturers' color chip samples for absolute color fidelity. Color chips are available from Bobrick on request. Additional colors are available and may be subject to longer lead times and additional charges.
